Sandy beaches – check.

Fabulous restaurants with all the lobster you can eat – check.

Water sports to keep you busy all day long – check.

Scenery to sooth the soul – check.

You'll find it all here in the Kennebunks, where if you can't find something to make you happy, you're just not trying.

The Kennebunks, you see, have something for just about everyone.

They can be so quiet you can hear gulls crying overhead and the waves crashing on shore, or as lively as a band playing at a favorite restaurant, as diners chat and glasses clink "cheers!"

They can fill your days with boat trips, shopping and tours, and your nights with relaxing dinners under the stars.

They can charm you into returning again and again, discovering something new each time.

If you've only experienced the Kennebunks in the summer, do yourself a favor and come back to see the foliage put on a show in fall, the magic that is the holidays here and the "we have this place to ourselves" feeling you get in the winter and early spring.

And if once you get here you find that you're not ready to leave, consider putting down roots. With our top-notch schools, safe communities and varied housing, the Kennebunks welcome home new people each and every year.

That's because in all seasons and no matter what you're looking for, the Kennebunks will have it for you.

Walker's Point

Walker's Point is located on Ocean Avenue in Kennebunkport.

Photo by Robert Dennis

The summer home of the Bush family, Walker's Point has been visited by presidents, foreign heads of state and celebrities over the years.

For generations, though, it's the Bush family themselves who have been the draw here. While the late George H.W. and Barbara Bush were much-beloved members of the community for many years, today you're just as likely to find George W. and wife Laura, or their daughters Jenna and Barbara spending time at the compound, along with other family members.

Walker's Point is not open to the public, but you can drive by or stop briefly at the scenic parking

overlook to snap a quick picture. Vehicles may only stop in the designated parking area; stopping on the road is not permitted.

To get to Walker's Point, take Ocean Avenue from Dock Square for approximately two miles. The ride is beautiful in and of itself, with the Atlantic crashing against the rocks along the right side of the road. Just before you reach Walker's Point you'll see the special overlook spot (please obey the rules posted on the sign) on the right. Also overlooking the house and on the right is the Anchor to Windward, the town's special tribute to "41" installed in 2009.

Local Beaches

Naragansett Point sits between Middle and Gooch's beaches. Photo by Capshore Photography

Maine has more than 5,000 miles of coastline, and some of the most beautiful beaches in the entire state can be found here in the Kennebunks. Whether you're a family looking to set up for that perfectly relaxing day at the beach or a surfer hoping to catch the ultimate wave, the beaches in Kennebunk and Kennebunkport offer some of the best fun in the sun.

Kennebunk Beach: Mother's, Middle & Gooch's (Beach Avenue)

These long, wide sandy beaches (and even rocky Middle Beach) are the perfect place to walk, sun yourself, play in the surf, look for sea treasures or just enjoy the sight of the waves rolling onto shore. There are lifeguards and porta-potties at both Gooch's Beach and Mother's Beach from July through Labor Day. Mother's Beach has a playground open to the public. While visitors are welcome at these beaches, a permit to park at the beach is required. Non-resident daily (\$25), weekly (\$100) and seasonal (\$200) passes are available at three kiosks, via PassPortParking mobile app, and at the Kennebunk Town Hall. For information, call the Kennebunk Town Hall at (207) 985-2102.

Local Beaches

Mother's Beach tends to have more gentle rolling waves for kids. Photo by Steph Stellwagon

Goose Rocks Beach (King's Highway, off Route 9)

At three miles long, Goose Rocks Beach is a favorite with walkers as well as the sand pail set. The beach is wide, smooth, sandy and affords wonderful views of Timber Island, just off the coast. Parking permits are required (\$30/\$100/\$200; note that Kennebunk permits cannot be used here) and are available at Town Hall and at the kiosk in front of Goose Rocks General Store; there is also a ticket kiosk at the corner of Proctor and King's Highway. For information, call the town hall at (207) 967-4243.

Colony Beach (off Ocean Avenue in Kennebunkport) The parking lot for this beautiful beach is closed for the season.

Accessibility Options: Both beach wheelchairs and floats are available for rent for a small fee in Kennebunk and Kennebunkport. To rent one, contact Kennebunk Recreation (207) 604-1335 or Kennebunkport Parks & Recreation (207) 967-4304. Mother's Beach in Kennebunk has an ADA-compliant Mobi-Mat. The woven polyester mat helps those with mobility issues access the beach more easily.

Local Flavors

If you really want to experience the Kennebunks, beyond beautiful beaches and laid-back charm and hospitality through the four seasons, you'll want to sample our offerings across the culinary spectrum. Here — with our Lobster Roll Trail, a Cocktail Trail and an Ice Cream Trail of the Kennebunks — we offer you a visual sampling so you can plot your own course:

Take a peek at these 23 local lobster rolls before you embark on our Lobster Roll Trail of the Kennebunks. Amazingly, they all are different twists on the same Maine classic.

Where can I get a good drink?" Well, that depends, of course, on what you like! Creative or classic? Drink with a view? We've compiled this handy list of 26 of our favorites to help you decide.

Eat your way along our Ice Cream Trail, featuring nine local licks.

Three-Hour Tour

You've got three hours to "experience the Kennebunks," so what do you do? Here's our favorite three-hour tour. Drive along Beach Avenue from Cooper's Corner and take in the Kennebunk beaches, Gooch's, Middle and Mother's. Feeling adventurous? Park (legally) and get out and sink your toes into the sand, or take a swing at the playground on Mother's Beach. Then, dust off the sand, head back to the car and loop around in front of KBIA and drive back to Lower Village/Dock Square. (You can take in much the same sights – with narration! – on a 45-minute Intown Trolley tour.) Grab a lobster roll to go (every eatery makes one!), and a whoopie pie. Nothing says "taste of Maine" like those two. If you're feeling adventurous, wash it down with a bottle of Moxie. **WANT THE REST? Scan code above!**

Biking / Hiking

Ocean Avenue and Cape Porpoise, Kennebunkport (8 miles): Head out of Dock Square on Ocean Avenue with the water on your right. You will be riding parallel to the Kennebunk River. Ocean Avenue is heavily traveled so families with young children may want to take another route. Bear right at the fire station and stay on Wildes District Road all the way into Cape Porpoise. When you have had your fill of lobster, hop on your bike and backtrack your route into town.

Goose Rocks Beach, Kennebunkport (11 miles): From Dock Square take North Street to Arundel Road. Follow Arundel Road past the horse farm and take a right onto Goose Rocks Road. Ride Goose Rocks Road to the end and go straight across Route 9. At the end of Dyke Road you will find the pristine Goose Rocks Beach. This ideal family destination usually has very limited parking, but you won't have that problem with a bike. When it's time to return, follow the same roads back to town.

Kennebunk Beach, Kennebunk (7 miles): From Dock Square go over the bridge to the traffic light and take a left onto Beach Avenue. Kennebunk Beach is now straight ahead about 1 mile. Follow

the ocean for the next 2 miles. Where the road heads away from the ocean you will see Great Hill Road on the left. This road dead-ends at the Mousam River. After you turn around, go back to Middle Beach and take a left onto Boothby Road. This connects to Route 9 and will bring you back into the Port. This ride is good for adults and parents with children over 9 years old.

Bridle Path, Kennebunk (2 miles): Flat dirt path that parallels the Mousam River and the marshes in Kennebunk. This is an excellent ride for beginners and families. Park at Sea Road School on Sea Road for access.

Kennebunkport Conservation Trust, Gravelly Brook Road: Trails vary in length, width, topography and use. Some are conducive to bird watching and viewing wildlife, others for hiking, biking, snowshoeing, and cross-country skiing. kporttrust.org.

Kennebunk Land Trust: Whether you frequent the Oxbow Preserve's easy trail with serene river views, prefer a longer trek to the pond at Alewife Woods, or like a peaceful walk among the open fields at For All Forever, you will find KLT's preserves

The trail map can be downloaded from hopecemeterykennebunk.com/woods.

Welch Woods, Arundel (.5 miles) A beautiful, gentle loop through a peaceful forest with lovely ferns along the way. Trail crosses a small brook and leads to a clearing by the shore of the Kennebunk River. Rest a while on one of the benches and enjoy the serenity of the tidal marsh, and the gentle flow of the river. Small off-road parking located just east of 227 River Road, Arundel.

The trail is perfect for walking and cycling as well as snowshoeing and cross-country skiing. The trail, which is approximately 10 feet wide, is also dog-friendly. eastertrail.org.

The beaches in the Kennebunks have the perfect balance: not too hot, not too crowded, with just the right hint of ocean breeze.

And while a day spent lying on the sand, watching the waves, can be perfection in and of itself, getting out ONTO the water can be pretty spectacular, too.

Rent a kayak and tour the hidden inlets on shore, or test your endurance with standup paddle boarding or surfing. Try your hand

at deep sea fishing or go out on a real lobster boat and learn how to pull a trap in.

You can enjoy a smooth sunset sail with a bottle of wine, or take a rollicking ride over the waves on a speed boat.

And here in the Kennebunks you'll find the only whale watch tours between Portsmouth and Portland, where you can take in the majesty of whales breaching out at sea.

Retiring Here

Life is good for all ages in the Kennebunks.

Photo by L Blake Baldwin

The Kennebunks have it all when it comes to retirement. Besides the beautiful scenery and relaxed lifestyle, the thriving community offers a convenient location, a variety of health-care and recreation options, as well as quality retirement centers.

Taking these all into account, SmartAsset recently ranked Kennebunk as the No. 1 retirement community in Maine, and No. 36

nationally. According to this report, 30 percent of Kennebunk's population is retirement age, and this community has vibrant retirement and recreation centers for our senior population.

Want to know more? Ask a senior citizen (they're involved in everything from running our towns' festivals to volunteering in the local classrooms) and they'll tell you why they love to call the Kennebunks home.

Moving here

The Kennebunks continue to attract new residents.

Those who live here agree: The Kennebunks is the best community to call home! In 2015, Down East Magazine named the Kennebunks a Reader's Choice "Best Places to Live" community; in 2014, the honor went to Arundel!

We couldn't agree more. The communities offer all the necessary components for good quality of life — superior education, low crime rate, superb beaches, rivers, parks and trails, and great neighbors. It's also rich with architecture, boutique

shopping, art galleries and a variety of restaurants.

Did we mention superior education? U.S. News & World Report in 2023 ranked Kennebunk High School the second best in the state, out of 126 schools, and in the top 13% nationwide.

Kennebunk has also been ranked Maine's "safest city" by numerous organizations over and over, because of its low rate of violent and property crimes. Safe AND beautiful!

Living Here

You can live here AND play here in the Kennebunks.

All three towns that make up the Kennebunks offer vibrant, year-round community connections.

Our area offers easy access to world-class healthcare. The Maine Health system has a hospital in Biddeford, another in Sanford, the main facility in Portland and various diagnostic labs and offices right in Kennebunk, including a walk-in clinic.

New England Cancer Specialists, right in Kennebunk, offer care close to home and enjoy a partnership with Dana-Farber Cancer Institute in Boston.

The Kennebunks also have various senior living options, from apartments all the way up to skilled nursing facilities, and Hospice of

Southern Maine offers compassionate end of life care.

Our two libraries – Kennebunk Free Library and the Louis T. Graves Public Library – serve the community in a number of ways including programming, as do our museums and numerous churches.

Living Here

Here in the Kennebunks, we're also blessed with great schools no matter which town you live in.

The schools of RUSI 21 (covering Kennebunk, Kennebunkport and Arundel) are among the finest in the state. In fact, in 2023, Kennebunk High School was named the number two high school in Maine by U.S. News and World Report, and our middle school (Middle School of the Kennebunks) was 12th.

As an added bonus, the Middle School of the Kennebunks and Kennebunk High School are International Baccalaureate schools, valued by colleges in the U.S. and abroad.

Just up the road in Saco you'll find Thornton Academy, an independent, private day and boarding school for students in grades 6-12. Students living in Arundel have school choice and can attend either RSU 21, Biddeford or Thornton for middle and high school. Other students can attend through tuition.

Thornton boasts students from 30 local towns and 50 countries.

The Kennebunks are also fortunate to have York County Community College nearby in Wells, as well as the University of New England (UNE) in Biddeford. Both offer wonderful opportunities for higher learning.

Arundel history

In the mid-1600s, Arundel's first settlers kept close to the coastline both for easy access to the ocean and to escape from local Native Americans. The settlers finally abandoned the settlement in the late 1600s and did not return until around 1720 when relations with Native Americans improved.

The new settlement, named Arundel, grew along the Kennebunk River. After 1750, people began to settle west of what is now Route 1 and started farming the rest of Arundel. Around 1800, as the religious climate changed, small churches and meeting houses served to draw the local people together. Although those small churches have disappeared, several of the early farms and a few of the farmhouses still exist today.

When Arundel's secession from Kennebunkport became official in 1916, it lost its direct connection with the coast and remained a rural town composed primarily of farms.

Today, Arundel is one of the fastest-growing towns in the state, and is home to both industry and local businesses, while maintaining much of its rural character.

History

Brick Store Museum, Kennebunk

Brick Store Museum, Kennebunk: In 1936, in the middle of the Great Depression, Edith Cleaves Barry opened the Brick Store Museum on Main Street in Kennebunk. This town was recognized nationally for its shipbuilding prowess in the 19th century, and by the early 20th century it turned into a nationwide tourist and artist mecca. Though the town preserved its small-town charm, it consistently spearheaded trends on a national level. Edith Barry inherited a brick general store building, built in 1825, from her uncle, William Barry, in the early 1930s, and knew immediately that she would open a museum dedicated to the story of this area. When the Brick Store Museum opened in 1936, it became one of only 10 museums in the entire country to open between the Great Depression and World War

II. Edith Barry funded the museum with her own money and invested her time and hard work for the rest of her life. The Museum absorbed four other buildings on the block, all

built between 1810 and 1860, to house its collection of over 70,000 artifacts relating to the culture of the Kennebunks.

Today, the museum is open six days a week, offering exhibitions, tours, research and programs year-round. Admission is \$5 per person, free for 16 and under. For information, visit www.brickstoremuseum.org, or call (207) 985-4802.

The Maine Lobster Council will tell you that the world's best lobster comes from Maine. But it's even better to enjoy that lobster eating it IN Maine.

For a list of local restaurants and eateries, see pages 34-51, or check out gokennebunks.com

from a seaside lobster bake to lobster tacos and more.

In fact, we have so many different and delicious versions of lobster rolls we have our own Lobster Roll Trail of the Kennebunks, which you can find in our Eat the Kennebunks Dining Guide or

[online at gokennebunks.com/lobster-roll-trail](http://gokennebunks.com/lobster-roll-trail).

And if lobster isn't your thing, or you've simply eaten your fill, the region boasts numerous different cuisines including New American, Thai, Chinese, Mexican and French.

It also features dining establishments dedicated to the farm-to-table movement, continental cuisine and pub fare.

In fact, the Kennebunks boast dining options of all kinds, from a well-known take-out stand to a AAA Five-Diamond Award-winning restaurant, and everything in between.

Events & Weddings

Photo by Chris Becker

What could be a more perfect backdrop for your wedding than the beautiful beaches and deep blue water of the Kennebunks? How about a stone church perched above crashing waves? Or an antique farmhouse overlooking the marsh? Or a turn-of-the-century resort with a rolling green lawn?

All of these venues – and more – are available for those looking to exchange vows in Maine. In the last decade, the Kennebunks have become one of the country's premier destination wedding locations, primarily because of the local beauty, but also because of the many activities your wedding party and guests can enjoy here. The destination is perfect and welcoming for all couples.
